We also have inspection of a fine display of new articles in Jewelry, such as Hair ornaments, Hat Pins, Sword Corsage Pins, Glove Buttons, Neck Chains, Breast Pins, Shirt Waist Sets in silver and gold, and Ear Rings.

To close out a lot of Infants' Fast Black Hose, of which we have too many, will sell them this week at..... **5 CTS**  
**THEY ARE WORTH DOUBLE.**

**S. S. Barnum & Co.**

617-619 KANSAS AVENUE.

### TYNAN'S BOOK.

serious Charges Against Parnell and the Irish Parliamentary Leaders.

New York, June 4.—Advance proofs are made public of the book upon Irish affairs written by P. J. Tynan, the "Irish invincible," known as "Number 1." It is entitled "The Irish National Invincibles and Their Times." Its apparent purpose is to establish the connection of the "Invincibles" with the Irish parliamentary party. The book, according to rumor, was to contain proof that the Irish parliamentary party directed the series of dynamite outrages in England some years ago, and was responsible for the murders in Phoenix park, Dublin, on May 8, 1882, of Lord Frederick Cavendish, chief secretary for Ireland, and Thomas Henry Burke, permanent under secretary. The Irish parliamentary party publicly denounced the authors of the Phoenix park crimes, and in so doing, it is claimed by Tynan, they were "sailing under false colors to destroy the trusting Irish." "For this," it says, "and for the purpose of exposing their hypocrisy, this book was undertaken. In assailing the policy and action of the invincibles, these false parliamentarians were heaping mountains of infamy on their own memories."

It is claimed that the book proves that the assertions of the London Times that the parliamentary party were implicated in the Phoenix park murders were absolutely true. These assertions resulted in the trial and vindication of Charles Stewart Parnell. Parnell is denounced by the writer as a traitor to the cause of Ireland and by inference Tynan suggests that the only reason the late leader of the Irish parliamentary party was not removed was because of his knowledge of the invincibles and their methods, which enabled him to live in comparative security.

It is asserted by one faction of the Irish party—the Constitutional faction—that the book was written in pursuance of a cabal between Tynan and the Tory party, and that he has embodied statements in his narrative, for revenue, which the Tories expect to use in defeating the Liberals at the next election.

Tynan is now a resident of this city.

### KNIGHTS OF PYTHIAS.

Great Preparation for Their Biennial Encampment in Washington.

WASHINGTON, June 4.—The biennial convention of the supreme lodge and the biennial encampment of the Uniform Rank, Knights of Pythias, will convene here on Monday, August 27. The popular feature of the event will be the sessions of the supreme lodge, the street parade and the review by President Cleveland of the Uniform Rank, the dress parade on the White house lot, a competitive drill between about forty-five infantry and cavalry divisions of the Uniform Rank, and a ball and reception at convention hall. Excursions to various points about the city have also been organized.

Preparations for the event are being hurried through by the local commissioner. The executive committee has announced that the encampment fund must be \$50,000, and that a large percentage of this sum has been subscribed. It is estimated that 18,000 uniformed knights will visit Washington, and that the number of other visitors will be between 150,000 and 200,000. It is understood the railways will reduce their fare one-half.

### Commonwealthers at Kansas City.

KANSAS CITY, Kan., June 4.—The commonwealth armies of Generals Bennett and Artz remained quietly in camp at Kerr's park all day yesterday. The men were tired and kept very close to their quarters, only a few of the leaders coming up to the city. There were plenty of visitors and curiosity-seekers to keep things interesting, and that is all the average wealer asks.

### Found Hanging to a Tree.

OKEAN, Ark., June 4.—A man was found yesterday hanging to a limb of a small tree two miles north of here and 100 yards from the Iron Mountain track. Papers on the body bore the name of G. W. Houston of Liberty, Ill. His skull was crushed. He was hanged with his shirt sleeve. There was \$30 on his person.

It cures blood and skin disorders. It does this quickly and permanently. Is there any good reason why you should not use De Witt's Sarsaparilla? It recommends itself. J. K. Jones.

## READY FOR A SIEGE.

Eighteen Hundred Armed Cripple Creek Miners

Will Meet the Deputies and Make a Stand.

## FIGHT TO THE DEATH.

If Repulsed They Will Retreat to Their Fort.

CRIPPLE CREEK, Col., June 4.—All day yesterday the striking miners were on the alert, expecting that at any moment some of Sheriff Bowers' deputies would put in an appearance in some remote portion of the camp. Not a single miner is working in the camp. One shift was put in on the Moose, Elkton, Prince Albert, Gold Dollar, Ingham, Jack G., and a few other properties, but the managers of the several mines were informed that it would be impossible to run any of the properties. The men are now confident that they will be attacked some time to-day and the hour may be directly after midnight. They are ready and this is so well known by the deputies that the officer commanding is using the utmost caution.

All men not necessary to guard approaches to Bull hill and forage for supplies have been massed about the fortification, and their number is slightly over 1,800. Yesterday the strikers made their last forage for arms, ammunition and supplies. Fearing a siege, they have filled hundreds of beer kegs with water and stored them in the fort. Parties have been drafted recruits. Many of these parties were headed by women who promise to stand till the end comes. The towns of Victor, Anconda, Mound City and other places are in the possession of squads of armed strikers. Cripple Creek is entirely unmolested by strikers.

The plan of the strikers is to meet the deputies and make as strong a stand as possible and if necessary retreat to Bull hill, where a desperate stand will be made.

The deputies will be commanded in the field by W. J. Palmer, leader of the army that had so many skirmishes during the building of the Denver & Rio Grande road. He says that any moment the deputies may advance to a point beyond Midland, after which a battle will be only a question of hours.

The wives of the strikers refuse to leave camp. Some of them have organized to care for the wounded and others have procured Winchester and will enter the fight.

### WAITE'S POSITION.

The Governor Evidently Stands in With the Strikers.

DENVER, Col., June 4.—When Governor Waite made his reply refusing Sheriff Bowers' request for troops at Colorado Springs, all hope of receiving aid from the militia was about given up. Yesterday's developments but strengthen the impression that no aid will be received through the governor.

Governor Waite, Lorenz, his private secretary, and John Calderwood, president of the miners' union, left Colorado Springs for this city at 12:30 o'clock yesterday morning and arrived here about an hour later. Governor Waite and Lorenz immediately went into conference with the governor's advisors. Calderwood went where he one but Waite and Lorenz can find him.

It is not known who all the governor's advisors were. Nothing was decided upon at the first conference, and another was held at 10 o'clock, with a like result, so far as any one knows. Sheriff Bowers' position is still with the governor. The two went to the governor, who not only refused to state Calderwood's whereabouts, but instructed Lorenz to say nothing.

General McCook, located at Fort Logan, has prepared himself for a call and is in readiness, though how he can be called upon is a mystery.

### Strikers Kidnap a Man.

CRIPPLE CREEK, Col., June 4.—H. E. Woods, president of the Woods Investment company, whose main office is in Denver, but whose local office is at Victoria, six miles from the city, was taken in charge at 9 o'clock, by a large body of miners and carried up to the fort on Bull hill. His wife was present when he was taken and is almost frantic.

The men told her that she need not worry, as they would turn Mr. Woods loose in the morning; that all they wanted her husband for was to explain certain matters and that it would be impossible for them to do without his presence at their strong hold. At this writing not ten business men here know the news but they look into each others' faces and see nothing but dread and fear. The cause of the kidnapping of Mr. Woods is impossible now to give.

### The Strikers Had Vanished.

WASHINGTON, Ind., June 4.—The state troops marched into Clark's station yesterday morning 500 strong, with Gatling gun, to find that only about fifty miners had stayed to face the music. The thousand miners who were reported en route to Clark's station did not materialize, neither had they collected at any point along the Baltimore & Ohio Southwestern.

### Mr. Bell Resigns.

WASHINGTON, June 4.—Mr. J. Lowrie Bell, second assistant postmaster general, has resigned to accept the position of general traffic manager of the Central railway of New Jersey at a much higher salary.

We put on new neckbands on shirts. Peerless Steam Laundry, 112 and 114 West Eighth street.

## TRAIN STEALERS CAUGHT.

Captured by United States Marshal Neely and Returned to Denver.

ELLIS, Kan., June 4.—Some more Colorado wealers are about to get into trouble with the United States government. The army that took possession of a Union Pacific freight train at Watkins, Col., arrived at this place Saturday afternoon, where the train was stopped by order of the railroad company. The commonwealers then boarded another train, which was ready to start eastward, but the trainmen side-tracked the cars occupied by the invaders and pulled ahead without them.

The Union Pacific being in the hands of receivers, appointed by the United States court, the officials of the road complained to United States Judge C. G. Foster of Topeka, who issued an order enjoining the commonwealers from interfering with the movement of the company's trains or otherwise molesting its property. The order was placed in the hands of United States Marshal S. F. Neely.

A train was made up here last evening and the commonwealers allowed to board it, so as to meet the marshal's train at a siding six miles east of here. On reaching the Coxey train Marshal Neely took a few men and going to where they were seated on top of the box cars, commanded them to get down. Captain Rolston asked if they were prisoners. Marshal Neely replied that they were United States prisoners, and the men at once complied. They probably expected to be taken East, and were rather pleased at the arrest.

Their hopes, however, were not realized. They were ordered to climb into two box cars, the engine started west, and at 8 o'clock they were at the place they had quitted an hour before. Arrived here, the men were put into a baggage car connected with the marshal's train, a body of deputies placed on guard, and they were started for Denver, where they will probably be released.

The captain and two lieutenants were not allowed to go West, but were taken to Leavenworth, and will be held for trial.

## ELECTION IN OREGON.

A Full State Ticket Being Voted for in the Far Western State.

PORTLAND, Ore., June 4.—Oregon is to-day voting for a full state ticket, members of congress and legislature to choose a successor to United States Senator Dolph. The Republicans have made a thorough canvass of the state during the past six weeks, both in way of sending out speakers and organizing clubs. The Democrats have never had any chance of winning and have consequently not conducted an aggressive campaign on the state ticket.

The Populists have not been idle. Governor Penney who is an avowed candidate for the senate, has traversed the state from one end to the other on behalf of the Populists, making speeches in almost every county seat. It is believed that the three-cornered contest will result favorably to the Republicans.

The legislature will, in all probability be very close. In many counties the Democrats and Populists have fused on the legislative ticket and the majority heretofore held by the Republicans may be reduced if not overcome.

## BIG FIRE IN OTTUMWA.

One Person Burned to Death—Three Others Seriously Injured.

OTTUMWA, Iowa, June 4.—A disastrous fire occurred here yesterday and five blocks are a mass of charred timbers and debris. One person was burned, one fatally affected by smoke and three others were seriously injured.

The five blocks destroyed by the flames included fifteen business houses and twenty dwellings. The loss is estimated at \$225,000, with one-third covered by insurance. The fire is supposed to have originated from the spark of a locomotive.

The dead: James Seymour, burned to death.

The injured: Bert Patterson, overcome by smoke and will die.

John McCullum, fireman, seriously burned.

Nich Renner, leg broken.

Jerry Seymour, overcome by heat and hurt by falling timbers.

### Negro League Convention Called.

WASHINGTON, June 4.—C. H. J. Taylor, president of the Negro National Democratic league, has issued a call for a convention to be held in Indianapolis August 2. The sessions will last at least three days, and will be private except to delegates and those securing admission by ticket from the president.

### Ran Into an Open Switch.

ALTON, Ill., June 4.—A Bluff line work train ran into a string of cars three miles east of here yesterday afternoon. The accident was caused by an open switch. Engineer Barnard was killed and Fireman Harrison badly wounded. Six of the workmen were injured.

### Car Works Burned.

LACONIA, N. H., June 4.—At 3 o'clock yesterday morning fire broke out in the paint shop of the Laconia Car works and destroyed \$100,000 worth of property.

### Blaze in St. John.

ST. JOHN, N. B., June 4.—This city suffered from serious fires yesterday morning, the total loss from which is \$283,000.

Charlie—Good steak. Where did you get it?

Billie—Yes, the best in town. At Whitney's.

Charlie—Where is that?

Billie—At Whittier's old stand, 730 Kansas avenue.

Pure blood means good health. Re-inforce it with De Witt's Sarsaparilla. It purifies the blood, cures Eruptions, Eczema, Scrofula and all diseases arising from impure blood. It recommends itself. J. K. Jones.

Ice Cream soda, all flavors at Stansfield's, opposite National Hotel.

## CLEAR UNDER WATER.

The Business Portion of Portland, Ore., Under Water.

Many Houses Have Already Been Washed Away.

## RIDING IN BOATS.

Row Boats Bring from \$1 to \$5 an Hour.

PORTLAND, Ore., June 4.—Yesterday was a busy day in Portland. All day long merchants in the flooded districts were at work moving out goods or raising them on platforms above the water. The river continues to expand every hour and the situation becomes more perilous. The weather has become cooler here, but no reports can be had from Eastern Oregon and Washington, the source of all the flood. Telegraph wires north and east are down, and it is impossible to obtain any news of the situation along the Columbia river. The river here is 31 feet above low water, and every twenty-four hours adds to it from eight to twelve inches. Three-fourths of the wholesale district is under water from two to ten feet, and the water is fast encroaching upon the best part of the retail district. Hundreds of small houses on the flats surrounded by water up to the second story have begun to turn over. A further rise of a foot will take them out. Many merchants are unable to get lumber with which to build platforms to keep their goods above water. Every available boat in the city has been hired, and the boatmen receive from \$1 to \$5 per hour for services. The Western Union Telegraph company's office is surrounded by six feet of water.

The Union depot is two feet under water, and the Union Pacific car shops in Albina are surrounded by five feet. The Southern Pacific is the only railroad running trains into Portland, and they are compelled to stop at the south end of the city, being unable to reach either depot. The Union Pacific is hopelessly tied up, both by rail and by boat. The Northern Pacific makes regular trips with the transfer boat Tacoma between this city and Kelso, Wash.

It is learned from persons arriving here by boat that the storm last night did much damage along the Northern Pacific between Kalama and Tacoma. Houses and trees were blown down, and at Centralia much damage is said to have been done. In this city a hard rain fell most of the day. The flood will interfere with the election to-day, as many of the polling places are under water.

No estimate of the damage by flood is possible, but it will be something, appalling when results from the upper and lower river are received.

The Dalles, a town of 4,000 inhabitants, cannot be reached by wire, but it is known from the height of the water that nearly all the business portion of the town is under water.

THE DELUGE IN COLORADO.

All Danger Is Now Over and Traffic on Railways Resumed.

DENVER, Col., June 4.—The Platte river is falling, and all danger from the flood in this city is past. The number of people in and around the city who have been made homeless, and many of whom the county will have to aid, is estimated at 500. The greatest damage is suffered by the railroads, whose tracks along the river bank were washed away.

The mountain railroads have resumed sending out trains, but some of the lines are still impassable.

J. E. Murden, contracting freight agent of the Union Pacific, is in the city, having walked all the distance from Central City to Golden. Mr. Murden said:

"No one can conceive the destruction in that part of the country. Every mine in Central City and vicinity is flooded, and there is not a vestige of placer mine left in Clear creek. Between Central City and Forks creek there are twenty-eight washouts, averaging from ten to fifty feet. Between Idaho Springs and Golden there are thirty-six washouts. The mining men estimate the loss to the country at \$500,000."

## UNION DEPOT BURNED.

One at Hiawatha Completely Destroyed, With Its Contents—Loss \$20,000.

HIAWATHA, Kan., June 4.—The explosion of a lamp in the Union depot here about 5:30 yesterday afternoon started a fire which totally destroyed the building. The loss on building and contents is estimated at \$20,000.

### Honors to Neal Dow.

NEW YORK, June 4.—The International Temperance congress convened to-day at 10 a. m. in the big tabernacle in Prohibition park, Staten Island. At the principal meeting held yesterday, General Neal Dow of Maine was the most conspicuous figure. Especial honor was paid General Dow because the gathering delegates were celebrating the forty-third anniversary of the signing of the first prohibitory law in Maine.

### Shot Dead at Paris, Mo.

PARIS, Mo., June 4.—A difficulty occurred here last night between Charles A. Burnett and John Kirsch, in which Burnett shot Kirsch, the latter dying in a few moments. Burnett claims the shooting was done in self-defense, as Kirsch struck him twice before he shot. Burnett is in jail.

### Fireman Scalded to Death.

DENISON, Texas, June 4.—Passenger train No. 2 of the Houston and Texas Central was wrecked at Howe, Texas, a small station south of here, yesterday, by a misplaced switch. The engine and mail car were wrecked, and Fireman G. Hart was scalded to death.

High grade imported and domestic cigars at Stansfield's Drug Store.

## SWOOPED DOWN UPON.

Cherokees Beset by Great Floods of Fakirs and Sharks.

MUSKOGEE, Ind. Ter., June 4.—The Cherokees have received the first installment of one-sixth of their money and the big payment of more than \$5,500,000 will begin to-day at Tahlequah. More than 24,000 Cherokees will draw \$367 in cold cash each. Great crowds of traders, fakirs and sharks are flocking to Tahlequah in the hope of getting some of the money. It is estimated that the merchants have traded more than \$1,000,000 on Strip claims, and it is now a question how closely they will collect.

There was a chute built from the exit door of the capital to the collectors' quarters so that all parties would have to pass out through the chute and run the gauntlet of the collectors, but such complaint was made by the people that the chute has been torn away. It is said that in some communities the people are holding secret meetings and deterring to pay only about fifty percent on their indebtedness to the retailers.

## CONDENSED TELEGRAMS.

Alexander McCurdy was mutilated and hanged by a Colorado mob for a revolting crime.

Lillian Russell, it is said, will marry a New York banker on securing a divorce from Perugini.

Vice President Penna says that an effort will be made to discontinue machine mining in Southern and Central Illinois.

Marshal Neely of Leavenworth had to call on United States troops to move Sanders' army from one part of the reservation to another.

Omaha, Neb., May 5, 1891.

To Whom It May Concern:

## A Tale of Woe

Important to Sufferers From Heartburn, Loss of Appetite, etc.

Mr. W. E. Robertson.

"St. Louis Grocer and General Merchant, Editorial Department, St. Louis, Mo. 'Early last summer I became afflicted with heartburn. Frequently I was seized with

Stomach Trouble and indigestion. I lost flesh, my weight falling off from 175 pounds to 150. I worried along for six months, trying first one and then another friend's prescription, seeking a relief. My appetite was gone, and I couldn't have used any digestion if I had had it. Well, I chanced to read an advertisement in a St. Louis paper, in which the statement was made that Hood's Sarsaparilla and I bought a bottle and began taking it, and just then new trouble began. What there was left of my stomach would

Tangle Up Like a Pretzel

If I as much as thought of eating anything solid, and I knew that Hood's Sarsaparilla wouldn't do any more than make it turn a head spring. But I was disappointed. A few doses later, I found that I began to feel better. I could hardly believe it myself when I ate a half of a lobster and found that it really meant to remain with me over night. Gradually my

Appetite Returned to Me.

And I soon found I could eat most anything, and also began to grow fat. I took 2½ bottles of Hood's Sarsaparilla, and then quit because I had to. My salary wouldn't justify any more to eat. I could sit down at a well filled table and

Hood's Sarsaparilla Cures

eat a clear spot around myself in ten minutes.

Thus briefly I state the narrative of the 'Fall and Rise of a Zealous Stomach' over which I preside. W. E. ROBERTSON, St. Louis.

Hood's Pills cure all Liver Ills, Biliousness, Jaundice, Indigestion, Sick Headache, etc.
